NEW COMPOSITE GATES

Designed to make a statement, these gates combine sleek aluminium frames with premium wood plastic composite (WPC) infill panels, offering a modern, low-maintenance solution that lasts for years.

Sleek, Stylish & Built to Last

- **Premium Design –** Choose from horizontal or vertical panel configurations, Anthracite Grey or timeless Black to complement any setting.
- **Ultra-Durable –** Crafted with a robust aluminium frame and high-performance WPC panels, resistant to rotting, warping, and insect damage.
- **Strength & Sustainability –** Our WPC gates offer exceptional durability while being an eco-friendly alternative to traditional wood.
- **Weather & Water Resistant –** Perfect for all climates, these gates withstand rain, sun, and wear with ease.
- **Minimal Maintenance –** No painting, staining, or sealing required - just occasional cleaning with soap and water.

Certified for Your Peace of Mind
